

## PRODUCT

**INDY CLAIROL FG**  
**Biodegradable Hydraulic Oil**

## DESCRIPTION

INDY CLAIROL FG Oils are premium quality, biodegradable hydraulic oils, designed for use in a wide range of equipment used in food and beverage processing and packaging operations. Indy Clairol FG is formulated with effective anti-wear, anti-oxidant and extreme pressure additives, and is designed to meet regulations as outlined by food and drug authorities. INDY Clairol FG meets the requirements of CFR and NSF under the H1 category. Indy Clairol FG contains no ingredients that have exposure limits established by regulatory agencies. Indy Clairol FG is biodegradable, and can be used in applications where there is risk of leakage to the environment as a result of operation of hydraulic equipment.

## APPLICATION

INDY CLAIROL FG can be used to lubricate hydraulic systems, hydrostatic gears, plain and friction bearings, light duty gearboxes as well as in circulating oil systems where there is potential for incidental contact with food or environment.
