

TECHNICAL DATA SHEET

PRODUCT **INDY HONING OIL no. 6**
Honing Oil

DESCRIPTION

INDY Honing Oil No. 6 is a low viscosity oil formulated for honing and other similar applications. INDY Honing Oil No. 6 is blended from mineral base oils and contains additives that make suitable for use in applications where moderate pressure is required.

APPLICATION

INDY Honing Oil No. 6 is suitable for use in honing and other similar applications on both ferrous and non-ferrous metals.

TECHNICAL CHARACTERISTICS

Appearance		Pale amber liquid
Density at 20°C	kg.m ⁻³	850 (typical)
Viscosity at 40°C	cSt	16.0 (typical)

PACK SIZES

210L, 20L
