

PRODUCT

INDY GLIDEWAY D68 Slideway Lubricant

DESCRIPTION

INDY Glideway D68 Oil is a high performance demulsifying slideway oil, formulated to give optimum lubrication protection even when in contact with water extendable cutting fluids.

APPLICATION

INDY Glideway D68 Oil is recommended for use on guides and slides, and is able to be used on both metal and plastic slideway materials. It is resistant to wash-off by cutting fluids and will prevent stick/slip.

TECHNICAL CHARACTERISTICS

ISO Grade		68
Viscosity @ 40°C	(cSt)	68
Viscosity @ 100°C	(cSt)	8.5
Viscosity Index		94
