

## TECHNICAL DATA SHEET

### PRODUCT

**INDY SYSTEM CLEANER CLP**  
Dilute emulsion system cleaner

### DESCRIPTION

INDY System Cleaner CLP is based upon ionic and non-ionic surfactants in combination with biocides. It is free of nonyl phenols and complexing agents and is completely biodegradable. Biocides should be used with care. For safety, health, personnel protection and first aid information, refer to the MSDS which is available online at [www.indyoil.co.za](http://www.indyoil.co.za)

### APPLICATION

INDY System Cleaner CLP has been specifically formulated to assist in the cleaning operation where contamination by either hard water soap scums or bacterial slimes are evident. The recommended dilution ratio is 2-3% volume. It is not necessary to drain the system before use. Add INDY System Cleaner CLP to the existing emulsion and after some 4 to 5 days of operation, the system should be drained and the fluid reservoir cleaned out and flushed with fresh water, before refilling with emulsion of the correct dilution ratio.

### TECHNICAL CHARACTERISTICS

Appearance		Clear liquid
Density at 20°C	kg.m <sup>-3</sup>	1160
pH (1% v/v in water)		10.5
Active agent		75%

### PACK SIZES

20 L / 5 L

Revision 2: 26 November 2015
