

INDY

TECHNICAL DATA SHEET

INDY BOILED LINSEED OIL

Application

- ❖ Natural triglyceride-containing oil with a dark tone pre-treated with catalysts to accelerate the drying process.
- ❖ Deep wood penetrating abilities resulting in the protection of not just the surface, but the entire piece of wood.
- ❖ Suitable for use as a drying oil on surfaces such as wood, cork, stone and concrete.
- ❖ Compatible with stains, varnishes and other mineral paints.
- ❖ Inherently water repelling (hydrophobic) and protects the wood from sun damage.
- ❖ No dilution required, ready to use.

Physical Characteristics:

Properties		
Colour	Gardner	13
Acid value	(cSt)	4
Density @20 °C	(cSt)	900-940
Viscosity @20 °C	kg·m ³	1
Saponifiable Value	Mg KOH/g	190-215
Iodine Value	WIJS	175-785

Available Product Pack Sizes:

Part No.	Pack Size
O-0020	900 kg
O-0021	190 kg
