

## TECHNICAL DATA SHEET

### INDY GEAR 220

#### Application

- ❖ Suitable for industrial gear applications requiring the use of extreme pressure lubricants.
- ❖ Provides great protection for gears and bearings even under shock loads.
- ❖ Available in a range of viscosities to suit a wide variety of applications

#### Features & benefits

##### ❖ Gear Wear Protection

Formulated using additives that withstand extreme pressures and provides wear protection even under shock loading conditions.

#### Physical Characteristics:

| Properties       | 220    |
|------------------|--------|
| Density @20°C    | kg.m-3 |
| Viscosity @40°C  | (cSt)  |
| Viscosity @100°C | (cSt)  |
| Viscosity Index  | 95     |

#### Available Product Pack Sizes:

| Part No.  | Pack Size |
|-----------|-----------|
| OIL-01181 | 1000L     |
| OIL-01182 | 210L      |
| OIL-01183 | 20L       |
