

INDY

TECHNICAL DATA SHEET

INDY GEAR 68

Application

- ❖ Designed for use in industrial gear sets with circulating and splash lubrication.
- ❖ Suitable to industrial gear applications requiring the use of extreme pressure lubricants and provides good protection to gears and bearings even under shock loads.

Features & benefits

❖ Advanced Additive Technology

Formulated using additives that exhibit good extreme pressure properties to provide wear protection even under shock loading conditions.

Physical Characteristics:

Properties	ISO grade	68
Density @20°C	kg.m-3	870
Viscosity @40°C	(cSt)	68
Viscosity @100 °C	(cSt)	8.8
Viscosity Index		102

Available Product Pack Sizes:

Part No.	Pack Size
OIL-01157	210L
OIL-01158	20L
