

INDY

TECHNICAL DATA SHEET

INDY GEAR 680

Application

- ❖ Suitable for industrial gear applications requiring the use of extreme pressure lubricants.
- ❖ Provides great protection for gears and bearings even under shock loads.
- ❖ Available in a range of viscosities to suit a wide variety of applications

Features & benefits

- ❖ **Gear Wear Protection**
Formulated using additives that withstand extreme pressures and provides wear protection even under shock loading conditions.

Physical Characteristics:

Properties		680
Density @20°C	kg.m-3	910
Viscosity @40°C	(cSt)	680
Viscosity @100°C	(cSt)	38
Viscosity Index		91

Available Product Pack Sizes:

Part No.	Pack Size
OIL-01202	210L
OIL-01203	20L
