

# INDY

## TECHNICAL DATA SHEET

### INDY LHM FLUID

#### Application

- ❖ Central hydraulic system fluid designed for hydro pneumatic and self-leveling suspension systems.
- ❖ Suitable for use in hydraulics systems intended for off-highway applications in agricultural, construction and industrial equipment.

#### Features & benefits:

- ❖ **Advanced Protection**  
Blended from highly refined synthetic base oils which have been fortified with selected additives to ensure outstanding performance under the most severe applications.
- ❖ **Optimized Thermal Stability**  
Field tests revealed superior hydraulic pump and low temperature performance.

#### Suitable for use in the following:

- ✓ DIN 51524 Part 3

#### Physical Characteristics:

Properties		
Appearance	Liquid	Clear green
Density @20°C	kg.m-3	840
Viscosity @100°C	(cSt)	22.3
Viscosity @100°C	(cSt)	5.95
Viscosity index		270
Pour point	°C	-58
Flash point	°C	195 min

#### Available Product Pack Sizes:

Part No.	Pack Size
OIL-00826	20*1L
