

TECHNICAL DATA SHEET

POWERED BY

2T RACER

Product description

Indy 2T racer is an ester-based full synthetic two stroke engine oil. It is manufactured with carefully selected additive components to meet the most stringent two-stroke requirements under severe operating conditions. Indy 2T racer meets and exceeds the specification requirements of all international two stroke engine manufacturers. This unique additive system ensures consistent output, wear protection and cleanliness for the duration of the engines life.

Application

- ❖ Suitable for use in all two-stroke engines operating under high-performance conditions

Features & benefits

❖ Advanced Additive Technology

Premium engine oil formulated using synthetic base oil and specially blended additives that exhibit excellent lubrication characteristics, detergency and dispersancy even under extreme operating conditions.

❖ Gear Wear Protection

Even under extreme conditions, the product provides resistance towards scuffing, abrasive wear, foaming and oxidation.

Suitable for use for the following specifications:

- ✓ API TC

Physical Characteristics:

Properties		
Density @20°C	kg.m ⁻³	870
Viscosity @40°C	(cSt)	37.5
Viscosity @100°C	(cSt)	7.20
Viscosity Index		160

Available Product Pack Sizes:

Part No.	Pack Size
OIL-00310	12*1L
